CSHB 3069 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE HERRERO: Dwayne, thank you for taking time to discuss with us the provisions of your bill. I just want to try to establish some legislative intent. The purpose of your bill is such that, as I understand it, and I would like you to clarify for me if you would please, is so that if someone goes to a voting precinct to vote, but it's learned that the person's voter ID has been suspended, they then have to fill out a form. In filling out that form, what your bill would do, would add two additional requirements that are not currently on that form. Is that correct?

REPRESENTATIVE BOHAC: Yeah, two additional boxes that effectively makes it a voter registration card that the county can then send, if they move across county lines, to the county in which they moved and they will automatically be registered. Otherwise, under current law, their voter registration is just cancelled if we leave the form the same way as it is under current law.

HERRERO: Right, and those two boxes that you're talking about would be the following: the first is that you would state that you are a U.S. citizen, and you would either check off yes or no, is that correct?

BOHAC: That's right. We just conform it to the voter registration card. All the other elements are already on the form.

HERRERO: And then the other question that would be asked is if the person will be 18 years of age on the date of the election, is that another item that would be added to this box?

BOHAC: Right, and both of those are on the current registration card.

HERRERO: Okay, and so even though the bill makes reference to, if you look to page two of your bill, Section 2—the additional parts to it, lines 15 and 17—say, "the response must contain all of the information that a person must include in an application to register to vote under Section 13.002," and it is your understanding—and in my understanding from the conversations that we've had, especially the comments that you've made right now as it pertains to a person's citizenship and a person's age—that would essentially mean that you just add those two additional provisions, one on the citizenship, the other one on the age. Is that correct?

BOHAC: That's right. That statement sounds more complicated than it is, but it's just saying: add those two other boxes and you've now created a voter registration card that can then be used to register them in their new county. So, we're streamlining the process and helping people get registered to vote.

HERRERO: And so, whatever provisions satisfy your voter registration requirement would then, essentially, be carried forward as it pertains to this provision in your proposed bill, is that correct?

BOHAC: Correct.

HERRERO: No added burden or proof would be needed other than that is already in existing law, is that correct?

BOHAC: Exactly. We don't add to existing law, we're just adding two boxes to help people register in their new county if they move across county lines.

HERRERO: And what you're trying to do is to conform the residency requirement to that of the provisions laid out in your voter registration card?

BOHAC: That's exactly right.

REMARKS ORDERED PRINTED

Representative Herrero moved to print remarks between Representative Bohac and Representative Herrero.

The motion prevailed.
