SB 968 - STATEMENT OF LEGISLATIVE INTENT

REPRESENTATIVE DEAN: Chair Klick, will this bill help patients like those who had cancer treatments and surgeries scheduled during the pandemic, and in the confusion of what was elective and what was not, their surgeries got postponed?

REPRESENTATIVE KLICK: I believe it would. I had a constituent that was diagnosed with breast cancer at the very beginning of the pandemic, and because she was electing to have immediate reconstructive surgery, her physician would not do the procedure. She ended up going out of state to have much-needed treatment. So I do believe that this would be helpful in those circumstances.

DEAN: Yes, ma'am. Did you know that I have a constituent in Longview who dealt with the exact situation? Her name is Tina Moody Bryant. She was diagnosed with ovarian cancer and was awaiting surgery scheduled for March 2020, which was postponed after the governor's orders. I'd like to thank you and Senator Kolkhorst for this bill on behalf of Mrs. Bryant and all of the Texans who this will protect in the future.

SB 1365 ON THIRD READING

(Huberty, Dutton, K. King, Murphy, and Oliverson - House Sponsors)

SB 1365, A bill to be entitled An Act relating to public school organization, accountability, and fiscal management.

SB 1365 - REMARKS

REPRESENTATIVE HUBERTY: **SB 1365** relates to the organization's accountability and the management. We talked about this yesterday, specifically relating to the fixes to the accountability system and improvements to the accountability system that we voted on last night.

REPRESENTATIVE WU: I really appreciate all the work. I know you've probably lost a lot of sleep working on this bill, and I really appreciate it. You know, I was a hard no on this bill when it first came out. And I think, just listening to you last night, I think maybe my mind is changed on it. I do have one question that I wanted to ask you last time, but because of the rush, I didn't get to. Is there anything in this bill that is retroactive or backward looking?

HUBERTY: No.

WU: Is there anything in this bill that would tamper with ongoing litigation or existing fights with the DA and school districts?

HUBERTY: No.

(Harris in the chair)

REPRESENTATIVE M. GONZÁLEZ: Thank you so much for doing all the work that you all have done on this bill. I know it's been a team effort. As you know, you have really changed the bill a lot from what it came over from the senate. Have you talked to folks about conference and your plans if the senate doesn't concur? Have you had conversations or what are your conversations regarding conference and concurring once this bill leaves this chamber?

HUBERTY: Yes, thank you, Representative. Our goal is to protect the work that has been done and agreed to by this body. My goal is that we don't have to go to conference. I've had conversations with Senator Bettencourt and we've gone through this to continue our conversations, but my goal is that we hope that the senate will accept the bill as it comes over and concur.

M. GONZÁLEZ: So we don't have a guarantee from the senate that they are going to concur?

HUBERTY: I don't think the senate ever guarantees anything, but my hope is that they understand the work that's been put into this. The groups that have worked on this with us have been in conversations with them as well. I've had some very good conversations with, as you know, Commissioner Morath and he's been working with us collaboratively and all the groups—TASA, TASB, TSA—and everybody that's been a part of that, having those conversations. I spoke to Senator Bettencourt this morning specifically about that. He just wants an outline of what's in there, and specifically, it has some questions. He knows that it's a good bill that we've provided back to him, so my hope is that Senator Bettencourt will be very supportive of us as we move forward.

M. GONZÁLEZ: I just think it's really important that if they don't concur that we maintain the changes that you've made because I think that's a lot of promises that were made to members, and I appreciate you. And I agree with you—you can never get a guarantee sometimes with the senate—so, yes.

HUBERTY: Well, but my guarantee to you is that we're going to maintain the work that we've done here collaboratively with everybody here in this body.

REPRESENTATIVE BERNAL: Very quickly, Chairman Huberty, I just want to go through a few things to make sure that we get it on record and the body understands. The first is with regard to the changes that you were just talking about with Representative González. A lot of people are curious about the fate of what was known as the Hinojosa amendment, regarding the powers of the TEA commissioner. Is that in this version of the bill?

HUBERTY: Yes, sir. It is.

BERNAL: Okay, and can you explain very quickly, very briefly, what that does?

HUBERTY: Yes. Representative Hinojosa and Representative Turner had come to us earlier in the week having some concerns about a very specific portion of the language where they believed that it created the opportunity to give

unlimited—or potentially the view of unlimited—control on takeovers by the commissioner of education. As a result of that, we struck that language and just cited Section 39(a) of the Education Code that is prescriptive as to what you can and can't do. I believe, however, that one of the other things we agreed to do as we went forward during the interim is that we would go through and create kind of a, sort of like the Penal Code does—if you do this, what is the implication associated with that? I think that that's a good idea, and that's something we can work on. And so as we come back, whether it's in a special later on or if it's—well, certainly, during a special we'll be here—but in a regular session, that could be something that's worked on during the interim and understand what the impact of those things would be.

BERNAL: Right. Thank you for that. Just to be clear, if this bill passes, relative to today, won't it be harder for TEA to assign a conservator to an individual campus?

HUBERTY: Yes, a conservator. Yes.

BERNAL: And if this bill passes, relative to today, won't it be harder for TEA to take over a school district?

HUBERTY: Yes.

BERNAL: To assign a board of managers?

HUBERTY: Absolutely, because of the provisions that Representatives King and Allison worked on, specifically on the due process, where we created the hearings and so and then we also created the additional appealable process specifically with the district courts. By the way, something that Chairman King pushed for and Representative Allen pushed for is that now those appeals will be heard in their home districts.

BERNAL: That's right. And then my last question is, there's been a lot of talk about multiple D's and multiple F's that a campus can receive. Can you explain to the body—this is my last question—can you explain to the body what happens when a campus gets a C? So if they're D, D, C or D, F, C or F, F, C—what happens when the C happens?

HUBERTY: Yes, so two things. As you know, in the summer of 2020, the commissioner had come to me and asked specifically about creating a rule on this D/F, and we told him no. We told him no as a committee. We briefed the committee. We said no, we want to deal with this legislatively. So we've improved it. Now you have two D's in a row before there are any sanctions. And then if you get up to five D's, you have a process to work with. That's something that Representative VanDeaver, Representative Bell, and Representative Buckley worked on during this process. So we made it harder for them to be able to do it but to be able to create an opportunity to rectify that themselves. And as you know, what's happening over in the senate right now is they're working on **HB 1525**, and they're taking your bill—which is **HB 220**—that actually lets you reconstitute a school within their district without turning it over to a charter or

anybody else associated with that. And so we fixed that. And your specific question on the C is that if you have a D, D, whatever it is, or an F or whatever, it goes through the process. You go to a C, you come out of sanctions immediately.

BERNAL: Right. So if you get a C, it completely resets.

HUBERTY: Resets the clock.

BERNAL: That is the new day.

HUBERTY: That is correct. Members, thank you for the opportunity to get this passed. I think this is important as we go forward. I want to thank Representative Bell, Representatives Buckley, VanDeaver, and Bernal, Chairman Dutton, all the members of the committee, Representative Allison and Representative King, all who worked really hard collaboratively to get this passed.

(2) a fee that is greater than the actual, reasonable, and documented costs incurred by the district for review, legal services, engineering services, inspection, construction, and repair associated with the retail public utility construction, and any other related costs incurred by the district in association with the retail public utility construction.

SECTION _____. CONDUCT OF ELECTIONS. The district shall publish once before each election to elect members of the board of directors of the district the procedure for conducting an election to elect members of the board of directors of the district in a newspaper of general circulation in each municipality or county in which the district or a portion of the district is located.

SB 1936 ON THIRD READING
(Cook and Swanson - House Sponsors)

SB 1936, A bill to be entitled An Act relating to the beginning and ending possession times in certain standard possession orders in a suit affecting the parent-child relationship.

SB 1936 - REMARKS

REPRESENTATIVE RAMOS: We both served in Juvenile Justice and Family Issues, and there were similar bills that discussed conservatorship. And could you explain to the body what exactly your bill does? You said noncustodial and custodial. For those of us in here who are not family law attorneys, what does that mean?

REPRESENTATIVE COOK: So a noncustodial parent, obviously, is the parent that does not have custody. And so the presumption is that a noncustodial parent will have a standard possession order. And currently under Texas law, the noncustodial parent has the option to opt in to certain expanded periods of possession. This bill makes it to where it's a opt-out as opposed to opting in.

RAMOS: So if I am, let's say, in a situation where—many times it's the father—I get to have the child, as we know, every other weekend, right? First, third, and fifth weekend of the month—typically, it could be Friday to Sunday night. What does this bill do regarding that visitation schedule that we, pretty much, is what we call standard? You're saying here that that's the default, but what your bill is going to do is make the extended standard default, correct?

COOK: Yes, exactly.

RAMOS: And the extended standard visitation schedule looks like what?

COOK: As you said, first, third, and fifth weekends. Usually, it's 6 p.m. on Friday evening till Sunday at 6 p.m. and Thursday evening 6-8 p.m. This bill would make it to where a noncustodial parent would be able to pick their child up from school and return to school.

RAMOS: And that would just be the default and the parent would have to opt out of that. So it allows them to spend more time with their child on those alternative weekends.

COOK: Absolutely.

RAMOS: Well, as a family law practitioner, I think this is wonderful that the parents are provided an option here to opt out if they want fewer weekends. I know that there is a lot of miscommunication or misunderstanding when parents are not able to exercise or don't want to exercise more visitation or possession. And unfortunately, there have been some threats to, you know, go to a separate bill when it comes to more, 50/50, and all of that stuff. We had a hearing in JJFI where a lot of people testified they wanted more. But there was, let's say—in the best interest of the child. That's what a family law attorney looks at, right? And a judge—the best interest of the child?

COOK: Correct.

RAMOS: And your bill here is really addressing the best interest of the child so that they can spend more time with that parent, either mother or father.

COOK: That's correct.

RAMOS: And many times the best interest of the child is not one night, one house; one night, the other; one night, the next; one night, the next. This allows for a child to have consistency and regularity in their schedule but also allows them to spend valuable time with the other parent, correct?

COOK: I believe that's correct as well.

RAMOS: Well, I think this is a wonderful bill. I think it's very good for family law for families in Texas.

Amendment No. 1

Representatives Middleton and Raymond offered the following amendment to **SB 1936**:

Amend **SB 1936** (senate engrossed printing) on third reading as follows:

(1) On page 1, between lines 17 and 18, insert the following subsection:

(a-1) If a court appoints the parents joint managing conservators under Section 153.134, and each conservator resides not more than 50 miles from the primary residence of the child, a court shall first consider an order that provides that each conservator has the right to equal possession of the child under a schedule specified by the court or a schedule agreed to by both conservators. If a court finds that equal possession of the child is not in the best interest of child, the court may enter an altered standard possession order under Subsection (a), and shall make written findings of the reasons equal possession of the child is not in the best interest of the child available to each party.

(2) On page 1, line 18, strike "Subsection (a)" and substitute "Subsections (a) and (a-1)".

SB 598 ON THIRD READING (Jetton - House Sponsor)

SB 598, A bill to be entitled An Act relating to auditable voting systems.

Amendment No. 1

Representative Jetton offered the following amendment to **SB 598**:

Amend **SB 598** on third reading as follows:

(1) Add the following appropriately numbered SECTIONS to the bill and renumber subsequent SECTIONS accordingly:

SECTION _____. Section 121.003, Election Code, is amended by adding Subdivision (14) to read as follows:

(14) "Auditable voting system" means a voting system that:

(A) uses, creates, or displays a paper record that may be read by the voter and that is deposited by the voter into a secure ballot box; and

(B) is not capable of being connected to the Internet or any other computer network or electronic device.

SECTION _____. Subchapter H, Chapter 127, Election Code, is amended by adding Section 127.2015 to read as follows:

Sec. 127.2015. PARTIAL COUNT OF AUDITABLE VOTING SYSTEM BALLOTS BY GENERAL CUSTODIAN. (a) In this section, "ballot box" means all ballot boxes used for the deposit of voters' marked ballots at a polling place or early voting polling place, whether one or multiple physical ballot boxes were used.

(b) Notwithstanding Section 127.201, not later than 24 hours after all ballots have been counted in an election, the general custodian of election records in each county shall conduct by hand a partial count of ballots cast for a selected number of ballot boxes. Each ballot box selected must be from a polling place in which an auditable voting system was used, and the number of ballot boxes selected for the partial count shall be the greater of:

(1) two; or

(2) 10 percent of the number of ballot boxes used in the election, rounded up to the nearest even number.

(c) Not later than 18 hours after the completion of the initial counting or tabulation of election results and with not less than six hours' notice given to each participant, the general custodian of election records shall conduct a telephone conference call with the following persons:

(1) the general custodian;

(2) the county chair of the political party who received the most votes in the county in the most recently preceding gubernatorial election, or the chair's designee;

(3) the county chair of the political party who received the second most votes in the county in the most recently preceding gubernatorial election, or the chair's designee;

(4) up to three additional persons selected by each person participating under Subdivisions (2) and (3); and

(5) if a person described by Subdivision (2) or (3) does not attend, a person appointed by the state chair of the person's party to replace that person and up to three additional persons appointed by the state chair to replace the persons described by Subdivision (4).

(d) During the conference call under Subsection (c), the general custodian of election records shall allow each party chair or party chair's representative to select ballot boxes to be subject to a partial count conducted under this section. The chairs shall alternate selections, beginning with the chair of the party that received the most votes in the county in the most recently preceding gubernatorial election, until the number of ballot boxes selected for the partial count has satisfied the requirement of Subsection (b).

(d-1) If a party leader or representative fails to attend the conference call as required under Subsection (c), the secretary of state shall select ballot boxes for the partial count at random on the party's behalf.

(e) The general custodian of election records shall complete the partial count not later than 24 hours before the time for conducting the canvass of the election.

(f) The general custodian of election records shall post a notice of the date, hour, and place of the partial count in the custodian's office and on the county's Internet website, if the county maintains a website, at least 18 hours before beginning the count and shall post the results of the count in the same manner immediately after the conclusion of the count. The notice must identify the ballot boxes chosen for the count.

(g) A watcher may be present at all stages of the partial count if appointed by a candidate in the election from the moment a ballot box is taken from its place of storage until the count is completed and all ballot boxes examined in the count are returned to the place of storage. A watcher must deliver a certificate of appointment to the general custodian of election records at the time the watcher reports for service. The certificate must be in writing and must include:

(1) the printed name and signature of the watcher;

(2) the election subject to the partial count; and

(3) the printed name and signature of the candidate making the appointment.

(h) The secretary of state may appoint personnel to assist with the partial count, including applicable voting system technicians or representatives and persons who have assisted with the design and implementation of the count.

(i) If a partial count conducted under this section reveals a disparity of more than 0.25 percent between the initial reported outcome of an election at a polling place and the results determined by the partial count, notwithstanding any other law, an automatic recount under Chapter 216 must be conducted in the county for the election in which the disparity is identified. The recount shall be a manual recount by hand of paper records in accordance with Subchapter A, Chapter 214. All candidates in the election and the county chair of any political party in the county must be notified by the general custodian of election records.

(j) The secretary of state may not waive any requirements of this section.

(4) On page 3, lines 21 through 26, strike added Subsection 129.003(a), Election Code, and reletter subsequent subsections of Section 129.003, Election Code, and cross-references to those subsections accordingly.

Amendment No. 1

Representatives Frank, Schofield, and M. González offered the following amendment to **SB 617**:

Amend **SB 617** on third reading by adding the following appropriately numbered SECTIONS to the bill and renumbering the SECTIONS of the bill accordingly:

SECTION _____. Section 433.003, Health and Safety Code, is amended by amending Subdivisions (1), (20), and (21) and adding Subdivisions (1-a), (1-b), (1-c), (2-a), (11-a), (13-a), and (19-a) to read as follows:

(1) "Advertising" has the meaning assigned by Section 431.002.

(1-a) "Analogue product" means a food product derived by combining processed plant products, insects, or fungus with additives to approximate the texture, flavor, appearance, or other aesthetic qualities or the chemical characteristics of any specific type of meat, meat food product, poultry, or poultry product.

(1-b) "Animal food manufacturer" means a person in the business of manufacturing or processing animal food any part of which is derived from a carcass, or a part or product of a carcass, of livestock.

(1-c) "Beef" means any edible portion of a formerly live and whole cattle carcass. The term includes any commonly understood variation or abbreviation of the term. The term does not include a cell-cultured, plant-based, or insect-based food product.

(2-a) "Cell-cultured product" means a food product derived by engineering muscle tissue fibers from animal cells in a laboratory or similar setting.

(11-a) "Meat" means the part of the muscle of cattle, sheep, swine, or goats that is skeletal or is found in the tongue, diaphragm, heart, or esophagus, with or without the accompanying and overlying fat, and the portions of bone, including bone-in products, skin, sinew, nerve, and blood vessels that normally accompany the muscle tissue and that are not separated from it in the process of dressing. The term has a comparable meaning as applied to equine food products. The term does not include:

(A) muscle found in the lips, snout, or ears;

(B) animal tissue containing significant portions of bone, including hard bone and related components, such as bone marrow, or any amount of brain, trigeminal ganglia, spinal cord, or dorsal root ganglia; or

(C) cell-cultured, plant-based, or insect-based food products.

(13-a) "Misleading" means the use of a false or deceptive oral or written statement, advertisement, label, display, picture, illustration, or sample.

(19-a) "Pork" means any edible portion of a formerly live and whole swine carcass. The term includes any commonly understood variation or abbreviation of the term. The term does not include a cell-cultured, plant-based, or insect-based food product.

(20) "Poultry" means any [a] live or dead domesticated bird, including chickens, turkeys, ducks, geese, guineas, ratites, or squabs.

(21) "Poultry product" means any [a] poultry carcass, part of a poultry carcass, or [a] product [any part of which is] made wholly or partly from a poultry carcass or part of a poultry carcass. Unless the context requires otherwise, the term includes only articles capable of use as human food. The term does not include [except a product that]:

(A) a cell-cultured, plant-based, or insect-based food product [contains poultry ingredients only in a relatively small proportion or that historically has not been considered by consumers as a product of the poultry food industry]; or [and]

(B) a product that is exempted from the definition of poultry product under 9 C.F.R. Section 381.15 [by department rule under conditions assuring that the poultry ingredients in the product are unadulterated and that the product is not represented as a poultry product].

SECTION _____. Section 433.005, Health and Safety Code, is amended by amending Subsection (a) and adding Subsection (d) to read as follows:

(a) A livestock, [or] poultry product, analogue product, or cell-cultured product is misbranded if:

- (1) any part of its labeling is false or misleading;
- (2) it is offered for sale under the name of another food;
- (3) it is an imitation of another food, unless its label bears, in prominent type of uniform size, the word "imitation" immediately followed by the name of the food imitated;
- (4) its container is made, formed, or filled so as to be misleading;
- (5) except as provided by Subsection (b), it does not bear a label showing:

(A) the manufacturer's, packer's, or distributor's name and place of business; and

(B) an accurate statement of the quantity of the product by weight, measure, or numerical count;

(6) a word, statement, or other information required by or under the authority of this chapter to appear on the label or labeling is not prominently placed on the label or labeling in sufficient terms and with sufficient

conspicuousness, compared with other words, statements, designs, or devices in the label or labeling, to make it likely to be read and understood by the ordinary individual under customary conditions of purchase and use;

(7) it purports to be or is represented as a food for which a definition and standard of identity or composition has been prescribed by department rule under Section 433.043 unless:

(A) it conforms to the definition and standard; or

(B) its label bears:

(i) the name of the food specified in the definition and standard; and

(ii) to the extent required by department rule, the common names of optional ingredients present in the food, other than spices, flavoring, and coloring;

(8) it purports to be or is represented as a food for which a standard of fill of container has been prescribed by department rule under Section 433.043 and the food does not meet the standard of fill of container, unless its label bears, in the manner and form prescribed by department rule, a statement that it does not meet the standard;

(9) except as provided by Subsection (c), it does not purport to be or is not represented as a food for which a standard of identity or composition has been prescribed by department rule unless its label bears:

(A) any common or usual name of the food; and

(B) if it is fabricated from two or more ingredients, the common or usual name of each ingredient;

(10) it purports to be or is represented for special dietary uses and its label does not bear the information concerning its vitamin, mineral, and other dietary properties that the department, after the executive commissioner or department consults with the United States Secretary of Agriculture, has determined, and the executive commissioner has prescribed by rule, to be necessary to fully inform purchasers of its value for those uses;

(11) it bears or contains artificial flavoring, artificial coloring, or a chemical preservative unless it bears labeling stating that fact, except as otherwise prescribed by department rule for situations in which compliance with this subdivision is impracticable; ~~or~~

(12) it does not bear on itself or its container, as prescribed by department rule:

(A) the inspection legend and establishment number of the establishment in which the product was prepared; and

(B) notwithstanding any other provision of this section, other information required by department rule to assure that the product will not have false or misleading labeling and that the public will be informed of the manner of handling required to keep the product in wholesome condition;

(13) for an analogue product of meat, a meat food product, poultry, or a poultry product, its label does not bear in prominent type of uniform size immediately before the name of the product any of the following terms:

(A) "analogue";

- (B) "meatless";
- (C) "plant-based";
- (D) "made from plants"; or

(E) a similar qualifying term or disclaimer intended to clearly communicate to a consumer the contents of the product; or

(14) for a cell-cultured product, its label does not bear in prominent type of uniform size immediately before the name of the product any of the following terms:

- (A) "cell-cultured"; or
- (B) "lab-grown".

(d) If a food is alleged to be misbranded because the labeling or advertising is misleading, the department in determining whether the labeling or advertising is misleading shall consider, among other characteristics:

(1) a representation made or suggested by a statement, word, design, image, device, sound, or any combination of these; and

(2) the extent to which the labeling or advertising suggests the food is:

(A) authentic meat or poultry if the food is not meat or poultry;

(B) a meat product or poultry product if the food is not a meat product or poultry product; or

(C) derived from livestock in any form if the food is not derived from livestock.

SECTION _____. As soon as practicable after the effective date of this Act, the executive commissioner of the Health and Human Services Commission shall adopt rules as necessary to implement the changes in law made by this Act to Chapter 433, Health and Safety Code.

HR 253
(by Parker)

HR 253, Recognizing November 2021 as Ukrainian Genocide Remembrance Month.

HR 253 - REMARKS

REPRESENTATIVE PARKER: **HR 253** recognizes November 2021 as Ukrainian Genocide Remembrance Month. From 1929 to 1953, Joseph Stalin ruled over the Soviet Union as a communist dictator. From '32 to '33, Stalin created an artificial famine in Ukraine, which resulted in the death of millions of innocent men, women, and children. This tragic event is known as the Holodomor. It's incumbent upon the Texas Legislature that we learn from the past and recognize the folly of authoritarian regimes. Stalin sought to punish Ukrainians for resisting his bright future of socialism. To this day, the Russian government denies that the Holodomor was genocide. Before the famine even began, Soviet secret police drove families off of their farms and deported thousands to Siberia. Ukrainian intellectuals and church leaders who recognized the cultural autonomy of Ukraine were subject to arrest and imprisonment throughout the 1920s. As people tried to flee this famine, the secret police used a draconian system of internal passports to keep people in Ukraine, thus sealing the fates of millions of innocent lives. Members, we must never forget the millions of victims who perished as a result of such despicable acts.
