

BILL ANALYSIS

C.S.S.B. 523
By: Birdwell
Natural Resources
Committee Report (Substituted)

BACKGROUND AND PURPOSE

River authorities are created by the Texas Legislature to ensure the state's water resources are managed in the public interest. Interested parties assert that it would be beneficial to create a sunset review process for these entities in order to ensure their periodic review and provide for legislative input. C.S.S.B. 523 seeks to address this need.

CRIMINAL JUSTICE IMPACT

It is the committee's opinion that this bill does not expressly create a criminal offense, increase the punishment for an existing criminal offense or category of offenses, or change the eligibility of a person for community supervision, parole, or mandatory supervision.

RULEMAKING AUTHORITY

It is the committee's opinion that this bill does not expressly grant any additional rulemaking authority to a state officer, department, agency, or institution.

ANALYSIS

C.S.S.B. 523 amends the Government Code to subject the following river authorities to a limited review under the Texas Sunset Act as if the authorities were state agencies but prohibits the authorities from being abolished: Angelina and Neches River Authority, Bandera County River Authority and Groundwater District, Brazos River Authority, Central Colorado River Authority, Guadalupe-Blanco River Authority, Lavaca-Navidad River Authority, Lower Colorado River Authority, Lower Neches Valley Authority, Nueces River Authority, Palo Duro River Authority, Red River Authority of Texas, Sabine River Authority of Texas, San Antonio River Authority, San Jacinto River Authority, Sulphur River Basin Authority, Trinity River Authority of Texas, Upper Colorado River Authority, and Upper Guadalupe River Authority. The bill requires the limited review to assess each authority's governance, management, operating structure, and compliance with legislative requirements. The bill requires an authority to pay the cost incurred by the Sunset Advisory Commission in performing the review of the authority, requires the commission to determine the cost, and requires the authority to pay the amount promptly on receipt of a statement from the commission detailing the cost. The bill prohibits an authority reviewed by the commission from being required to conduct a management audit under certain Texas Administrative Code provisions.

C.S.S.B. 523 amends the following to make related changes to the enabling legislation of the river authorities subject to review, including establishing staggered review cycles, prohibiting the review of the Lower Colorado River Authority from including the management of the generation or transmission of electricity under the wholesale electricity operation of the authority and the authority's affiliated nonprofit corporations, and removing a provision providing for the abolishment of the Sulphur River Basin Authority unless continued in existence:
