Governor Abbott, Lt. Governor Patrick, Speaker Bonnen Direct State Agencies To Reduce Budgets By Five Percent

gov.texas.gov/news/post/governor-abbott-lt-governor-patrick-speaker-bonnen-direct-state-agencies-to-
reduce-budgets-by-five-percent

May 20, 2020 | Austin, Texas | Press Release

Governor Greg Abbott, Lieutenant Governor Dan Patrick, and House Speaker Dennis Bonnen today sent a letter directing state agencies and institutions of higher education to each submit a plan identifying savings that will reduce respective general and general revenue related appropriations by five percent for the 2020-2021 biennium.

In the letter, the leaders also urge state agencies and institutions of higher education to pursue cost-saving strategies that will not affect the state's response to COVID-19 such as forgoing capital expenditures that can be deferred, any avoidable travel expenditures, any administrative expenses that are not mission critical, and keeping unfilled any open positions that are not essential to Texas' COVID-19 response.

"As Texans recover from this pandemic, it is incumbent that state government continues to maintain mission critical services without placing a greater burden on taxpayers," reads the letter. "We are confident that Texas will get back to work and continue leading the nation in job growth, economic innovation, and business creation. However, it will take months until we know the true extent of the economic ramifications of COVID-19, and how combating this virus will impact state finances. To prepare for this economic shock, we must take action today to ensure that the state can continue providing the essential government services that Texans expect."

Given the importance of the state's response to COVID-19 and the continuity of critical government functions, the following are excluded from the five percent reduction:

- Appropriations to the Texas Division of Emergency Management, the Texas Department of State Health Services, the Texas Workforce Commission, the Texas Military Department; and the Texas Department of Public Safety;
- Funding for debt service requirements and bond authorizations;
- Current law requirements for the Foundation School Program and school safety;
- Funding for Child Protective Services;
- Benefits and eligibility levels in Medicaid programs, the Children's Health Insurance Program, the foster care program, the adoption subsidies program, the permanency care assistance program, and services for individuals with intellectual or developmental disabilities;
- Funding for behavioral health service programs;
• Appropriations for Correctional Security Operations and Correctional Managed Health Care at the Texas Department of Criminal Justice;
• Appropriations to Health Related Institutions and Community Colleges; and
• Employer Contributions to the Teacher Retirement System and Employees Retirement System funds and to Social Security.

Read the letter.

To: State Agency Board/Commission Chairs
State Agency Heads/Executive Directors
Appellate Court Justices and Judges
Chancellors, Presidents, and Directors of Institutions and Agencies of Higher Education

Please accept our sincere thanks for the incredible work provided by your agencies and institutions and the dedication you have shown to help the state through this troubling time. Each agency has taken on the challenge and worked tirelessly to ensure that essential services are provided to Texans in need. Know that we are committed to prioritizing the public health of our state.

As you have no doubt seen, there is significant economic uncertainty not only in this state but across the country and around the world. We are confident that Texas will get back to work and continue leading the nation in job growth, economic innovation, and business creation. However, it will take months until we know the true extent of the economic ramifications of COVID-19, and how combating this virus will impact state finances. To prepare for this economic shock, we must take action today to ensure that the state can continue providing the essential government services that Texans expect.

To achieve that goal, every state agency and institution of higher education must engage in prudent fiscal management efforts. Savings achieved in the current biennium are not only necessary to offset current year revenue losses, the savings will provide for the smoothest path toward recovery as you provide necessary services to Texans. Some cost saving strategies that agencies should pursue that will not affect the state’s response to COVID-19 include foregoing any capital expenditures that can be deferred, any avoidable travel expenditures, any administrative expenses that are not mission critical, and keeping unfilled any open positions that are not essential to the COVID-19 response. These savings should be lapsed to the Treasury.

Additionally, we request each state agency and institution of higher education submit a plan identifying savings that will reduce your general and general revenue related appropriations by five percent for the 2020-2021 biennium. Please submit this plan to the Legislative Budget Board and the Office of the Governor by June 15, 2020.

Given the importance of the state’s response to COVID-19 and the continuity of critical government functions, the following are excluded from the five percent reduction:

- Appropriations to the Texas Division of Emergency Management, the Texas Department of State Health Services, the Texas Workforce Commission, the Texas Military Department, and the Texas Department of Public Safety;
- Funding for debt service requirements and bond authorizations;
- Current law requirements for the Foundation School Program and school safety;
- Funding for Child Protective Services;
- Benefits and eligibility levels in Medicaid programs, the Children’s Health Insurance Program, the foster care program, the adoption subsidies program, the permanency care assistance program, and services for individuals with intellectual or developmental disabilities;
- Funding for behavioral health service programs;
- Appropriations for Correctional Security Operations and Correctional Managed Health Care at the Texas Department of Criminal Justice;
- Appropriations to Health Related Institutions and Community Colleges; and
- Employer Contributions to the Teacher Retirement System and Employees Retirement System funds and to Social Security.

In the coming weeks, the Legislative Budget Board and the Office of the Governor will issue instructions for the Legislative Appropriations Request that each state agency and institution of higher education will submit for the 2022-2023 biennium. While the exact final instructions are still being determined, every state agency and institution should prepare to submit reduced budget requests as well as strategies to achieve further savings. Furthermore, when the state revenue picture becomes clearer in the coming months, it may become necessary to make additional budget adjustments.

Though state leaders will make difficult decisions in the future, please know that we will not impede your agency’s response to the coronavirus threat or take actions that will harm the public health of this state. As Texans recover from this pandemic, it is incumbent that state government continues to maintain mission critical services without placing a greater burden on taxpayers. Your assistance in achieving these goals is imperative.

Our offices stand ready to assist you with any questions you have or any clarifications that may be necessary. Thanks again for your service to the state and her people. We will get through this time by helping our fellow neighbors and relying on them in turn.

Sincerely,

[Signatures]

Greg Abbott
Governor

Dan Patrick
Lieutenant Governor

Dennis Bonnen
Speaker of the House
