DIGEST

Currently, the Texas Education Code grants veterans and their dependents exemptions from tuition and most fees. The section for continuing education courses states that those exemptions do not apply to courses for which an institution does not receive formula funding, such as correspondence courses. Correspondence courses may serve as a military person's source of a quality education as such a person moves from one installation to another. This bill would grant exemptions from tuition and fees for correspondence courses to individuals currently eligible for exemptions from other courses and fees under Section 54.203, Education Code, relating to educational cost exemptions for certain veterans and dependents of certain veterans.

PURPOSE

As proposed, H.B. 2214 grants exemptions from tuition and fees for correspondence courses to individuals currently eligible for exemptions from other courses and fees under Section 54.203, Education Code, relating to educational cost exemptions for certain veterans and dependents of veterans.

RULEMAKING AUTHORITY

This bill does not grant any additional rulemaking authority to a state officer, institution, or agency.
