DIGEST

Currently, the law prohibits commissioners courts in counties with populations of less than 350,000 from meeting in any place other than the county courthouse or county building used for commissioners meetings. Some commissioners in counties with populations of less than 350,000 persons may wish to meet at other locations when they are holding a joint meeting with the governing body of another political entity in the county. This bill removes the 350,000 population requirement and allows commissioners to hold joint meetings with other governing bodies of political entities.

PURPOSE

As proposed, S.B. 1211 allows county commissioners to hold joint meetings with other governing bodies of political entities; removes a population requirement for the county.

RULEMAKING AUTHORITY

This bill does not grant any additional rulemaking authority to a state officer, institution, or agency.
