### **DIGEST**

Currently, under Chapter 37 of the Education Code, assault against a school employee is an expellable offense or alternative education program (AEP) offense only if it is assault under Section 22.01(a)(1) of the Penal Code. In addition, the assault must take place on school property or while attending a school-sponsored or school-related activity on or off school property. Finally, a student may be expelled or placed in an AEP for assaulting only an employee of a school district. This bill will expand the list of expellable and AEP offenses; cover assault against school employees, volunteers, and officers anywhere they may occur; and add school volunteers and officers to the current code.

### **PURPOSE**

As proposed, S.B. 598 expands the list of expellable and alternative education program offenses; covers assault against school employees, volunteers, and officers anywhere they may occur; and adds school volunteers and officers to the current code.

### **RULEMAKING AUTHORITY**

This bill does not grant any additional rulemaking authority to a state officer, institution, or agency.
