### **DIGEST**

Under current law, if a traffic offense is committed in a construction or maintenance work zone when workers are present, the imposed fines are doubled. However, a statement that workers were present when the offense was committed is not required to appear on any written appearance notice. H.B. 1425 would provide that an offense committed in a construction zone or maintenance work zone is punishable by a fine from \$2 to \$400.

### **PURPOSE**

As proposed, H.B. 1425 provides that an offense committed in a construction zone or maintenance work zone is punishable by a fine from \$2 to \$400.

### **RULEMAKING AUTHORITY**

This bill does not grant any additional rulemaking authority to a state officer, institution, or agency.
