DIGEST

In Texas, public officials are prohibited from entering into a collective bargaining contract with a labor organization regarding the wages, hours and conditions of employment of public employees. However, Section 617.005, Government Code, preserves the right of individual public employees to present a grievance to their employer regarding such matters. Although attorney general opinions have interpreted grievances broadly, certain public institutions of higher education have denied nonrenewed or terminated full-time faculty members' grievance rights. H.B. 1952 would establish the right of faculty members at institutions of higher education to present grievances on certain personnel issues.

PURPOSE

As proposed, H.B. 1952 establishes the right of faculty members at institutions of higher education to present grievances on certain personnel issues.

RULEMAKING AUTHORITY

This bill does not grant any additional rulemaking authority to a state officer, institution, or agency.
