Committee Report (Amended)

### **DIGEST**

Currently, under Texas law, the Texas Board of Chiropractic Examiners (board) is required to keep a written record of its proceedings, as well as all information on each applicant, and to file that record with the secretary of the state, rather than to simply keep vital information on each applicant on file. This bill would remove the requirement that the board submit a record of its proceedings with certain information about each applicant to the secretary of the state, and deletes the criminal penalty for practicing without a license and instead provides for an injunctive proceeding or civil proceeding.

### **PURPOSE**

As proposed, H.B. 2175 removes the requirement that the Texas Board of Chiropractic Examiners submit a record of its proceedings with certain information about each applicant to the secretary of the state, and deletes the criminal penalty for practicing without a license and instead provides for an injunctive proceeding or civil proceeding.

### **RULEMAKING AUTHORITY**

This bill does not grant any additional rulemaking authority to a state officer, institution, or agency.
