DIGEST

Currently, county sheriffs work under certain restraints in operating the jail commissary, one of which is the periodic audits of the jail commissary account. Given the growth in the size of these funds, modern advances in telecommunications and computerized account procedures, and the need for counties to manage their finances in a prudent way require the funds to be audited more than annually. H.B. 2846 requires the sheriff of a county to provide to the county commissioners copies of contracts for the jail commissary in a more timely manner than annually.

PURPOSE

As proposed, H.B. 2846 requires a county sheriff to provide to the commissioners court of the county certain contracts regarding the county jail commissary.

RULEMAKING AUTHORITY

This bill does not grant any additional rulemaking authority to a state officer, institution, or agency.
