DIGEST

Currently, under Section 61.313(e), Education Code, private post-secondary educational institutions are prohibited from using the term “college” or “university” in their official name or title unless they used the term as of September 1, 1997 and were established before September 1, 1975. A parent business of a campus, which is exempt under Section 61.313(e) from the requirement to remove the term “college” or “university” from its name or title and uses the term “college” in its name, is unable to operate new campuses utilizing the name because the new campuses do not meet the qualifications contained in Section 61.313(e). This bill would allow a business whose name on September 1, 1995, included the term “college” and whose campuses are exempt from the provisions of Section 61.313, to be allowed to operate a new campus utilizing the recognizable name of the parent institution, if the other institution offers the same or similar educational programs as the parent institution.

PURPOSE

As proposed, C.S.S.B. 502 authorizes a person to use the term “college” or “university” in the official name of certain private postsecondary educational institutions.

RULEMAKING AUTHORITY

This bill does not grant any additional rulemaking authority to a state officer, institution, or agency.
