DIGEST

Currently, single-family dwellings subsidized with state or federal money are not required to meet certain basic accessibility construction requirements. This bill establishes certain accessibility requirements for the construction of certain state or federal subsidized single family dwellings.

PURPOSE

As proposed, S.B. 623 establishes certain accessibility requirements applicable to the construction of speculative homes.

RULEMAKING AUTHORITY

This bill does not grant any additional rulemaking authority to a state officer, institution, or agency.

SECTION BY SECTION ANALYSIS

SECTION 1. Amends Chapter 2306X, Government Code, by adding Section 2306.514, as follows:

Sec. 2306.514. SPECULATIVE HOMES. Defines “speculative home.” Provides certain construction requirements on homes subsidized with state or federal money administered by the Texas Department of Housing and Community Affairs. Authorizes a person who builds a home to which this section applies to obtain a waiver of the grading requirement described in Subsection (b)(1)(A) if the cost of grading the terrain to meet the requirement is prohibitively expensive. Requires a person to request the waiver from the appropriate governmental authority authorized to issue building permits or otherwise regulate the construction of homes in the area in which the speculative home is located.

SECTION 2. Makes application of this Act prospective.

SECTION 3. Effective date: September 1, 1999.

SECTION 4. Emergency clause.
