DIGEST AND PURPOSE

The Texas Legislative Council is required by law (Section 323.007, Government Code) to carry out a complete nonsubstantive revision of the Texas statutes. The process involves reclassifying and rearranging the statutes in a more logical order, employing a numbering system and format that will accommodate future expansion of the law, eliminating repealed, invalid, duplicative, and other ineffective provisions, and improving the draftsmanship of the law, if practicable--all toward promoting the stated purpose of making the statutes "more accessible, understandable, and usable" without altering the sense, meaning, or effect of the law. H.B. 2811 makes a nonsubstantive revision of statutes relating to the Texas Department of Insurance, the business of insurance, and certain related businesses.
