DIGEST AND PURPOSE

Under current law, the Brazos River Authority (authority) develops and manages the surface water of the Brazos River. The long term water supply of the authority is under contract and the authority may need an additional water supply besides the surface water. Also, groundwater is often interconnected with surface water and can have a significant impact on the quality and quantity of the surface water. H.B. 2847 provides for the authority's development and management of groundwater in the Brazos River Basin for the use of its customers.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.

SECTION BY SECTION ANALYSIS

SECTION 1. Amends Sections 2, 3, and 4, Chapter 13, Special Laws, Acts of the 41st Legislature, 2nd Called Session, 1929, as follows:
