DIGEST AND PURPOSE

Since the creation of the Texas Council on Workforce and Economic Competitiveness (council), both state and federal laws have been amended and repealed. As a result, the existing law contains outdated references and assigns duties to the council which no longer need to be performed. As proposed, S.B. 1656 amends the Government Code to conform the list of duties and responsibilities of the council with the provisions of existing state and federal laws.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
