Committee Report (Substituted)

### **DIGEST AND PURPOSE**

Currently, Texas law requires local School Health Advisory Councils (SHACs) to focus narrowly on human sexuality education. These laws are also vague and open to interpretation. C.S.S.B. 580 clarifies the requirements for SHACs so that they focus on all issues relevant to school health, not just human sexuality education.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
