S.B. 1143
By: Madla
Subcommittee on Base Realignment and Closure
4/1/2003
As Filed

DIGEST AND PURPOSE

Currently, Texas law allows only for growth within previously established defense readjustment zone (zone) boundaries. Once the zone reaches its maximum size it cannot be redrawn; the law prohibits any alteration of the zone that excludes any original area of the zone. This excludes new businesses that may be eligible for inclusion in the zone, but whose inclusion into the zone would necessitate boundary adjustments that violate current law. As proposed, S.B. 1143 prohibits the exclusion of any qualified business designated as a defense readjustment project, rather than prohibiting the exclusion of any original zone area.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.

SECTION BY SECTION ANALYSIS

SECTION 1. Amends Section 2310.110(b), Government Code, to prohibit the amended boundary of a defense economic readjustment zone from excluding any qualified business designated as a defense readjustment project, rather than the original area, included within the boundary of the zone as designated.

SECTION 2. Effective date: upon passage or September 1, 2003.
