### **DIGEST AND PURPOSE**

The Anatomical Board of the State of Texas (board) lacks provisions for the receipt of anatomical specimens. In addition, current law provides a parallel way for anatomical material to be donated to certain persons and entities. As proposed, S.B. 1419 authorizes the board to accept anatomical specimens and gives the board authority over bodies or specimens donated directly to schools.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
