### AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The Governor's School Program, created by the 79<sup>th</sup> Legislature, Regular Session, 2005, focuses on developing college readiness for our public school students through summer programs. The original statute provided for the Texas Education Agency (TEA) to have oversight over the program. However, through a memorandum of understanding, the Texas Higher Education Coordinating Board (THECB) has taken de facto oversight over the program. Because of this, a statutory change giving THECB de jure oversight over the program would be beneficial to its operation.

H.B. 1748 transfers the various aspects of oversight of the Governor's School Program from TEA to THECB.

### RULEMAKING AUTHORITY

Rulemaking authority previously granted to the commissioner of education is transferred to the Texas Higher Education Coordinating Board in SECTION 1 (Section 61.07621, Education Code) of this bill.

(b) Provides that a rule adopted by the commissioner under Section 29.124, Education Code, is also a rule of THECB under Section 61.07621, Education Code, as added by this

Act, and remains in effect as such until repealed or superseded by a rule adopted by THECB.
