AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Current law requires funds collected from the sale of specialty license plates labeled “God Bless Texas” and “God Bless America” to be deposited into the state highway fund and to be used only for the Safe Routes to School Program (program) of the state. Reallocation of these funds would allow the state to use them as a vehicle to leverage additional federal funding, which would be used to expand this highly regarded program to other areas of Texas via nonprofit organizations.

As proposed, S.B. 1451 redirects the proceeds from these specialty plates from the state highway fund to the Share The Road account in the state treasury, to be used by Texas Education Agency to support the programs of qualified nonprofit organizations whose primary purpose is the promotion of bicycle safety, education, and access.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
