### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Currently, in order to qualify for federal grants under the Pittman-Robertson Act and the Dingell-Johnson Act, a state has to statutorily restrict the use of recreational hunting and fishing license revenue to operational expenses of the state fish and wildlife agency. Texas law authorizes the Texas Parks and Wildlife Department (TPWD) to collect a fee for certain actions and the resulting revenue is required to be deposited in the state parks account. However, under federal grant requirements, charging a hunting fee and using the revenues for state park maintenance does not fall under the categorization of an "operational expense." As a result, Texas could lose federal grant money.

S.B. 1669 defines public hunting lands, deletes TPWD's authorization to collect a fee, and authorizes TPWD to issue public access permits to comply with federal standards.

### **RULEMAKING AUTHORITY**

Rulemaking authority is expressly granted to the Texas Parks and Wildlife Commission in SECTION 4 (Section 81.403, Parks and Wildlife Code) of this bill.

(c) Requires TPWD to charge a permit fee in the amount set by the Parks and Wildlife Commission by rule.
