Committee Report (Substituted)

AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Organized retail theft is a highly organized criminal activity that depends on many thieves organized by a central "fence" who collects the stolen merchandise and then resells it to the general public. Last year, it was estimated that organized retail theft cost retailers and the American public more than \$37 billion and Texans \$100 million in sales tax revenues.

C.S.S.B. 1901 adds a new offense entitled "Organized Retail Theft" to the theft provisions of the Penal Code and provides specific criminal penalties for persons charged with engaging in these activities. This bill also increases the penalty for those supervising one or more individuals engaged in organized retail theft. This bill authorizes an organized retail theft case to be prosecuted in any county in which an underlying theft could have been prosecuted as a separate offense.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
