AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

In 2004, the Taylor City Council began to plan the building of a sports complex for the citizens of Eastern Williamson County. Since that time, the concept has grown to a regional sporting venue, not only to address the sporting needs of the region but also to serve as an economic development catalyst for Taylor.

This legislation will assist Taylor, as well as other cities of similar size and situations, with the necessary funding to upgrade and enhance their park or park systems.

H.B. 1789 allows a city with a population of 13,000 to 39,000 persons, in a county with a population of at least 200,000 persons, to use the hotel motel occupancy tax to enhance its ability to expand or improve existing park facilities.

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
