AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Housing authorities throughout Texas work to enhance the lives of millions of people by providing quality affordable housing to the most vulnerable members of society. Presently, there is a great need for housing for veterans who served on active duty in the armed forces of the United States or in the state military forces. This bill, which supports the efforts of housing authorities to develop housing for veterans throughout Texas without limitations of geographical boundaries, impacts housing authorities in counties with a population of more than one million and empowers those authorities to develop housing communities for veterans.

This bill authorizes a county or municipal housing authority in a county with a population of more than one million to borrow money, accept grants, and exercise its powers to provide safe and sanitary housing for veterans.

H.B. 3358 amends current law relating to allowing municipal or county housing authorities in certain counties to create housing communities for veterans.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
