AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Currently, the Government Code contains certain statutes that have been construed to except certain information concerning an employee or trustee of a public employee pension system, such as income, salary, benefits, and bonuses received from the pension system, from requirements and application of the Public Information Act.

As proposed, S.B. 1071 clarifies that this type of information concerning employees or trustees of a public employee pension system is public information under the Public Information Act.

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
