### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Universities across the nation are setting up outposts in foreign countries. While Texas universities are concentrating on expanding their global reach, legislators must also ensure that they have access to information regarding how the campuses outside the United States are being funded. It is important for Texans to know whether their tax dollars are supporting campuses outside of the United States.

As proposed, S.B. 1085 requires the Texas Higher Education Coordinating Board (THECB) to require each institution of higher education with a campus outside the United States to report to THECB the sources of funding for the campuses and the manner in which the funds are disbursed. The bill requires THECB to prepare and submit to the legislature a report on the information received from the institutions.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
