Committee Report (Substituted)

AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

State Highway 71 between the western city limits of Austin and State Highway 16 is a scenic route through the Hill Country. The view, which attracts tourists and is a financial asset to the area, has no protection from the addition of billboards and no provisions for the regulation of billboards in the corridor. Currently, many Texas cities restrict or prohibit the construction of billboards, but municipal restrictions do not apply to rural and unincorporated areas.

C.S.S.B. 1266 amends current law relating to erecting an off-premise sign adjacent to and visible from State Highway 71 between the western city limits of the city of Austin and State Highway 16.
