AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

S.B. 2108 would limit the fees of office for the seven members of the board of directors of the Bexar-Medina-Atascosa Counties Water Control and Improvement District No. 1 (district) to \$150 per month. The board unanimously approved a resolution on February 8, 2009, asking its local legislator to file this bill asking for such limits, finding that such limits would be "appropriate and in the public interest."

Board policy already limits the fees of director to \$150 per month, but directors want to assure that future board members do not change the policy. Their reasoning is that candidates for office, who must be tax-paying property owners who live on the district's network of irrigation canals, should seek office through a sense of volunteerism, rather than any financial gain that could be made through fees of office in this rural, farming community.

As proposed, S.B. 2108 prohibits a director of a certain water control and improvement district from receiving a fee of more than \$150 a month for performing the duties of a director.

RULEMAKING AUTHORITY
