Committee Report (Substituted)

### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Many retail and Internet pet sellers acquire their animals from breeding facilities, which also sell directly to the public through newspaper and Internet ads. These facilities oftentimes do not provide adequate and humane care for the animals they are breeding, many times failing to keep animals properly sheltered or to provide adequate veterinary attention. Currently, there is little to no regulation requiring these facilities to provide a minimum standard of care for these animals.

C.S.H.B. 1451 would require the licensing and regulation of dog and cat breeders. This bill is not intended to impact hobby breeders and it is not prohibiting or hindering the breeding or the selling of dogs and cats.

This bill does not affect any other law, rule, order, ordinance, or other legal requirement of the federal government, this state, or a political subdivision of this state. This bill does not prevent a municipality or county from prohibiting or further regulating by order or ordinance the possession, breeding, or selling of dogs or cats. This chapter does not apply to an animal regulated under the Texas Racing Act (Article 179e, V.T.C.S.).

For purposes of this bill, each adult intact female animal possessed by a person engaged in the business of breeding for direct or indirect sale or for exchange in return for consideration is presumed to be used for breeding purposes unless the person establishes to the Texas Department of Licensing and Registration (TDLR), based on records or other reasonably acceptable evidence, that the animal is not used for breeding.

TDLR shall deny issuance of a license to, or refuse to renew the license of a person if the person or a controlling person of the dog or cat breeder has pled guilty to, been convicted of, or received deferred adjudication for animal cruelty or neglect in this state or any other jurisdiction in the five years preceding the person's initial or renewal application for a license. TDLR shall revoke a license if, after the license is issued, the person or a controlling person of the dog or cat breeder pleads guilty to, is convicted of, or receives deferred adjudication for animal cruelty or neglect in this state or any other jurisdiction. TDLR may deny issuance of, refuse to renew, or revoke or suspend a license held by a person who fails to meet the requirements of this bill and rules adopted; has had a similar license issued by a federal, state, or local authority denied, revoked, or suspended; has falsified any material information requested by TDLR; has failed to meet a standard adopted by rule under this bill; or has failed to comply with any corrective action required under an inspection report in the time provided by the report.

C.S.H.B. 1451 amends current law relating to the licensing and regulation of certain dog and cat breeders, and provides penalties.
