SECTION 5. Amends Section 181.201, Health and Safety Code, by amending Subsection (c) adding Subsections (d), (e), and (f), as follows:

(c) Authorizes the court, if the court in which an action under Subsection (b) is pending finds that the violations have occurred with a frequency as to constitute a pattern or practice, to assess a civil penalty not to exceed \$1.5 million annually, rather than not to exceed \$250,000.

(d) Requires the court, in determining the amount of a penalty imposed under Subsection (b), to consider:

(1) the seriousness of the violation, including the nature, circumstances, extent, and gravity of the disclosure;

(2) the covered entity's compliance history;

(3) whether the violation poses a significant risk of financial, reputational, or other harm to an individual whose protected health information is involved in the violation;

Sec. 181.202. DISCIPLINARY ACTION. Provides that, in addition to the penalties prescribed by this chapter, a violation of this chapter by a covered entity, rather than a violation of this chapter by an individual or facility, that is licensed by an agency of this state is subject to investigation and disciplinary proceedings, including probation or suspension by the licensing agency. Authorizes the agency, if there is evidence that the violations of this chapter are egregious and constitute a pattern or practice, to revoke the covered entity's license, rather than the individual's or facility's license, or refer the covered entity's case to the attorney general for the institution of an action for civil penalties under Section 181.201(b) (authorizing the attorney general to institute an action for civil penalties against a covered entity for a violation of this chapter). Makes nonsubstantive changes.

(1) the seriousness of the violation, including the nature, circumstances, extent, and gravity of the disclosure;

(2) the covered entity's compliance history;

(3) whether the violation poses a significant risk of financial, reputational, or other harm to an individual whose protected health information is involved in the violation;

Authorizes a covered entity that cannot afford to pay the penalty or file the bond to stay the enforcement by filing an affidavit in the manner required by the Texas Rules of Civil Procedure for a party who cannot afford to file security for costs, subject to the right of the executive commissioner to contest the affidavit as provided by those rules.

(d) Authorizes the attorney general to sue to collect the penalty.

(e) Provides that a proceeding to impose the penalty is a contested case under Chapter 2001 (Administrative Procedure), Government Code.

SECTION 8. Amends Section 181.205, Health and Safety Code, by amending Subsection (b) and adding Subsection (c), as follows:

(b) Requires a court or state agency, in determining the amount of a penalty imposed under other law in accordance with Section 181.202, to consider the following factors:

- (1) the seriousness of the violation, including the nature, circumstances, extent, and gravity of the disclosure;
- (2) the covered entity's compliance history;
- (3) whether the violation poses a significant risk of financial, reputational, or other harm to an individual whose protected health information is involved in the violation;
- (4) whether the covered entity was certified at the time of the violation as described by Section 182.108;
