### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Improving a military spouse's well-being positively impacts retention of service members, and ultimately, the overall readiness of our armed forces. Military spouses continually face a variety of challenges because of their husband's or wife's military service. Occupational licensure is complex because each state has a board that oversees the requirements of each occupation. Difficulty obtaining occupational licenses impedes a military spouse's ability to find employment when he or she relocates to a new state.

S.B. 1733 allows for alternate demonstrations of competency to meet license requirements, establishes a period during which an otherwise qualified person may seek employment or practice with an expired license, and authorizes the director of the Texas Department of Licensing and Regulation to issue licenses by endorsement.

As proposed, S.B. 1733 amends current law relating to the occupational licensing of spouses of members of the military.

### **RULEMAKING AUTHORITY**

Rulemaking authority is expressly granted to a state agency that issues a license in SECTION 2 (Section 55.004, Occupations Code) of this bill.
