### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Current Texas Higher Education Coordinating Board and Texas Education Agency rules allow high school students to take a wide range of academic and non-academic college courses approved for dual credit. In fiscal year 2009, 1,900 Texas high school students received both high school and college credit for physical education courses. Physical education courses are not included as part of the required 36 semester credit hour state core curriculum for colleges, so not every community college requires them to earn an associate degree. This bill would amend Section 130.008 (Courses for Joint High School and Junior College Credit), Education Code, to prohibit physical education dual credit courses from being available for dual credit funding purposes.

As proposed, S.B. 419 amends current law relating to prohibiting state funding to public junior colleges for physical education courses offered for joint high school and junior college credit.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.

### **SECTION BY SECTION ANALYSIS**

SECTION 3. Effective date: upon passage or September 1, 2011
