Committee Report (Substituted)

AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

The Texas Department of Housing and Community Affairs (TDHCA) is the lead agency responsible for affordable housing. Chapter 2306 (Texas Department of Housing and Community Affairs) of the Government Code requires TDHCA to report annually on activities in the preceding year, to provide an overview of statewide housing needs, and to provide a resource allocation plan to meet the state's housing needs. This plan is called the State of Texas Low Income Housing Plan (SLIHP).

The SLIHP reports on general policy issues and focuses on the needs of specific populations, such as individuals with special needs and the homeless. C.S.S.B. 109 adds veterans, farmworkers, youth who are aging out of foster care, and elderly individuals to such specific populations. It also repeals a section of the Property Code that requires TDHCA to collect foreclosure data, which was placed in statute last session, but ended up costing TDHCA more than originally anticipated. C.S.S.B. 109 still requires TDHCA to report on foreclosures in the state, including the number of foreclosures and geographic locations, but does not direct TDHCA on how to collect this data.

C.S.S.B. 109 amends current law relating to a housing plan developed and certain housing information collected and reported by the Texas Department of Housing and Community Affairs.
