AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Under current law, the Department of Public Safety of the State of Texas (DPS) has the authority to issue renewal and duplicate driver's licenses, election identification certificates, and personal identification certificates. As the state's population has increased, so has the demand for these services. Unfortunately, DPS has been unable to meet this growing need. In many areas of the state, it is an inconvenience for Texans to obtain these services due to either overcrowding at their local DPS office, or the lack of a DPS office within their vicinity altogether.

C.S.S.B. 1729 authorizes DPS to enter into an agreement with a county clerk or county assessor-collector to train the staff of the respective office to provide services related to renewal and duplicate driver's licenses, election identification certificates, and personal identification certificates.

C.S.S.B. 1729 amends current law relating to an agreement between the Texas Department of Public Safety and a county for the provision of renewal and duplicate driver's license and other identification certificate services, and authorizes a fee.
