### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

H.B. 1273 awards specialty license plates for individuals' service in Korea, the Republic of Vietnam, and in a support of Operation Desert Shield, Desert Storm, and Provide Comfort. There is a lack of clarity in the eligibility requirements for the issuance of specialty license plates to certain veterans and that, as a consequence, these deserving veterans are not assured of receiving specialty plates. Current law uses dates of service for Korean War veterans, Vietnam veterans, and Desert Shield and Desert Storm veterans to establish eligibility.

H.B. 1273 seeks to reduce the confusion surrounding this issue and to assure that specialty license plates are awarded to qualified veterans by using Department of Defense Manual 1348. This manual describes the various Defense awards and the basis and eligibility requirements for the award.

H.B. 1273 amends current law relating to certain military specialty license plates.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
