### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Currently, a person who wishes to become a volunteer deputy registrar must meet certain qualifications before being appointed by the voter registrar in their county. The volunteer deputy registrar must then complete in-person training developed by the Secretary of State before registering any voters.

Counties have the burden of providing this in-person training. Due to limited resources, many counties are only able to offer these trainings a few times a month, at most. As a result, this training can be difficult for volunteers to attend and may deter them from volunteering.

Texas has one of the lowest voting turnout rates in the nation. If the training material was provided on the Secretary of State's webpage, there might be heightened interest for Texans to complete the training online and help increase voter registration in the state.

S.B. 142 addresses voter deputy registrar training standards by establishing online training materials created by the Secretary of State to be available for applicants to review online. This information is to be posted on the Secretary of State's website. Volunteer deputy registrars will be allowed to review the materials online and take an exam administered by counties, anytime during regular business hours. This proposal is permissive to counties who wish to utilize this procedure. Access to online material will provide an alternative training method to in-person trainings, making the procedure less burdensome for counties and volunteers. S.B. 142 amends current law relating to the appointment and training of volunteer deputy registrars.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
