AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

S.B. 459 creates an Advisory Council on Cultural Affairs in the Office of the Governor (governor's office) to advise the governor's office on furthering the economic, social, legal, and political contributions and equality of Hispanics in Texas.

Hispanics in this state are a fast growing and emerging population. According to various demographic reports, between the years 2000 and 2006, Texas' Hispanic population grew by nearly 11 percent. In 2006, while 48.3 percent of the state's population was White, Hispanics amounted to 35.7 percent of the population. In 2003, the United States Census Bureau reported that while 17 percent of the nation's population was of Hispanic/Latino origin, Texas had nearly 10 million people (more than 38 percent of its population) of Hispanic/Latino origin.

While the growth of the population continues, Hispanics are underrepresented in different sectors of our society. For example, only about one-fifth of all businesses in our state are Hispanic-owned firms. In terms of appointments to state boards and commissions, of the 8,149 appointments that have been made over the last 14 years, Hispanics received only 13.5 percent.

The creation of the advisory council will help address the needs of this fast-growing population through its development of research and legislative recommendations. The council would advise the governor's office on initiatives that could help further the economic, social, legal, and political contributions and equality of Hispanics in Texas.

S.B. 459 amends current law relating to the creation of the Advisory Council on Cultural Affairs in the office of the governor.
