AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

In many high schools across the State of Texas, students have access to endorsed courses that directly relate to the field of law enforcement. H.B. 1545 would help assist students who are seeking a career in law enforcement by requiring the Texas Commission on Law Enforcement (TCOLE) to establish a procedure under which credit hours earned for the successful completion of these high school courses could be counted towards the hours of training required of an applicant for a peace officer license.

Students must submit an application, as well as a high school transcript to TCOLE that indicates the applicant has earned credits toward the peace officer license. Although students are unable to take the state board examination for peace officers and receive their license until they are 21 years old, the law enforcement endorsement helps to provide students encouragement and helps them move a step closer to a career in law enforcement.

H.B. 1545 amends current law relating to the acceptance of certain high school courses to satisfy part of the training required to obtain a peace officer license.
