AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

H.B. 1630 addresses a change in Chapter 437, Government Code, in regards to the adjutant general's ability to delegate authority to sign and approve certain expenditures.

The agency worked with the Office of the Comptroller of Public Accounts of the State of Texas (comptroller's office) to find language that would address their concern with the delegation of signatory authority. The comptroller's office indicated that Section 431.013, Government Code, specifically mentions the adjutant general being able to designate someone to approve expenditures. However, the statute does not specifically say that the adjutant general may delegate the designating function to someone else. Given that the function is a discretionary duty, the comptroller's office told the agency that the adjutant general may not delegate the function. This change will remedy the adjutant general's ability to delegate the signatory authority.

H.B. 1630 amends current law relating to the approval of expenditures for the Texas Military Department.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
