### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Interested parties contend that the structural pest control advisory committee would benefit from additional guidance in fulfilling its responsibility to advise the Texas Department of Agriculture and the commissioner of agriculture on various topics regarding structural pest control. H.B. 3243 addresses this issue by updating and clarifying the role of the committee.

H.B. 3243 amends current law relating to the duties of the structural pest control advisory committee.
