AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Interested parties contend that too many children age out of the foster care system not fully prepared to live independently as young adults. H.B. 3338 eases the transition out of the foster care system by providing for the development of procedures to ensure that a foster child obtains a driver's license or personal identification card before the child leaves state conservatorship.

H.B. 3338 amends the Family Code to require the Department of Family and Protective Services (DFPS) in cooperation with the Texas Department of Public Safety and volunteer advocates from a charitable organization whose charter mandates the provision of services to allegedly abused and neglected children to develop procedures to ensure that a foster child obtains a driver's license or personal identification card before the child leaves the conservatorship of DFPS.

H.B. 3338 amends current law relating to the issuance of identification documentation for foster care youth.

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
