AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

Texas is home to one of the largest veteran populations in the country. Active and retired service members may choose from a selection of specialty license plates through the DMV honoring their military service. Under current law, spouses of military veterans are able to register specialty plates for their vehicle, even if the veteran precedes them in death. The spouse may continue to register and keep the specialty plates but cannot newly register specialty plates. This loophole prevents them from being able to honor their loved ones' service to our nation upon the sale and purchase of a new vehicle or if they moved to the state after the death of the veteran. This was not the intent of the program, which was to provide the families of decorated veterans with certain benefits.

H.B. 377 allows all surviving spouses of deceased veterans the ability to order the same specialty plates that the veteran would have been able to order, were they still alive. This benefit remains in place as long as the surviving spouse does not remarry and closes the loophole in current statute that prevents a spouse of a deceased veteran from being able to honor the memory of their loved one's service to our nation.

H.B. 377 amends current law relating to the issuance of specialty license plates to surviving spouses of certain military veterans.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
