### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

The Reliant Center area in Houston has been the focus of a good deal of redevelopment and cleanup work by the South Main Alliance, the Houston Livestock Show & Rodeo, the Texans, the Harris County Sports & Convention Corporation, Mayor Turner and the City of Houston, and the Ed Wulfe Development Company.

On July 9, 2014, the Houston City Council approved the creation of a local government corporation to facilitate the work, and loans to that entity by the city and the Texans have fueled much of that effort. The Stadium Park Redevelopment Authority (RDA) was created specifically for developing and implementing a coordinated public improvement plan for the area surrounding the stadium in anticipation of the creation of the district.

It was expected that the plan created by the RDA would be implemented and extending the rest of the district when created and operational. The RDA raised, borrowed, and leveraged funds to accomplish all the projects. One can readily see the impact that has been created and can be continued throughout the district once created. In addition to this plan, the district would provide additional public safety resources, marketing, and economic development services. (Original Author's / Sponsor's Statement of Intent)

H.B. 4290 amends current law relating to the creation of the Stadium Park Management District, provides authority to issue bonds, and provides authority to impose assessments, fees, or taxes.
