### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

The Texas Legislative Council (TLC) is tasked with codifying and maintaining the laws of Texas. These codification and "cleanup" changes must be nonsubstantive. As part of this ongoing effort, TLC submits a "code cleanup bill" each session to resolve redundant numbering, duplicative provisions, and similar nonsubstantive statutory issues that have arisen from laws passed in the previous session. However, the class of statutes TLC traditionally addresses in that bill does not include laws that have become obsolete.

S.B. 1735 is a repeal of several pension-related statutes that no longer apply to any existing persons, programs, or funds. These laws do not fall under TLC's traditional rules for statutory cleanup, but the system of statutory codes in Texas benefits from ongoing efforts to repeal obsolete laws so that the various statutory codes do not grow unnecessarily over time. (Author's / Sponsor's Original Statement of Intent)

S.B. 1735 amends current law relating to the repeal of certain obsolete laws governing state pensions and other similar benefits.

### **RULEMAKING AUTHORITY**
