### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

Trinity Valley Community College (TVCC) currently services five counties including Anderson, Henderson, Kaufman, Rains, and Van Zandt, which cover 3,963 square miles, with a population of 303,833.

TVCC has seen much growth in their represented areas due to annexations. As other independent school districts join TVCC's tax paying district they will be entitled to representation on the governing board. Currently, they would not have representation as there is a limit on the number of board members.

Current law allows for there to be nine members on the governing board for Trinity Valley Community College. S.B. 286 will allow TVCC to increase the number of members to 11.

Providing greater representation for more of the district's residents, will provide possibilities for additional educational opportunities for TVCC service area residents. It will also encourage annexation of school districts not currently in the district, which would allow those school districts to take advantage of much lower in-district tuition and fee rates.

S.B. 286 amends current law relating to the governing board of the Trinity Valley Community College District.

### **RULEMAKING AUTHORITY**

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
