AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

In 2015, the 84th Legislature passed H.B. 2145, which created a 90-day provisional work authority for individuals who have passed the state's insurance agent licensure exam and submitted fingerprints for criminal background reviews. This measure offers a solution to periodic application review backlogs and supports those individuals seeking to contribute to the state's economy and society as licensed insurance agents under Texas law.

The current law applies to applicants for a general life and health agent license under Subchapter A, Chapter 4054, a preneed funeral arrangement license under Subchapter D, Chapter 4054, a stipulated premium license under Subchapter E, Chapter 4054, a general property and casualty license under Subchapter B, Chapter 4051, and a county mutual agent license under Subchapter E, Chapter 4051. The bill establishing provisional work authority last session inadvertently left out the life-only license type. S.B. 520 seeks to address this issue.

S. B. 520 amends Chapter 4001, Insurance Code, to include the life-only insurance agent license type under Subchapter G, Chapter 4054, to the list of applicable license types the Texas Department of Insurance is authorized to issue a provisional permit.

As proposed, S.B. 520 amends current law relating to provisional permits for certain insurance agents.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
