### **AUTHOR'S / SPONSOR'S STATEMENT OF INTENT**

S.B. 588 originates from the findings of the Senate Committee on Veteran Affairs and Military Installations (VAMI) 2016 interim hearings and interim report. As documented in VAMI's interim report to the 85th Texas Legislature, although the hiring goal of veterans at Texas state agencies is 20 percent, according to the VAMI report, as of the second quarter of fiscal year 2016, the hiring of veterans was approximately 7.21 percent. "While this is still below the hoped-for 20 percent goal, it is up from the last interim of 2014, when less than five percent of Texas state employees could call themselves veterans."

S.B. 588 strengthens and builds on the efforts of S.B. 805 by Senator Campbell, enacted during the 84th Texas Legislature, which allowed private employers to have veteran's employment preference policies.

Specifically, S.B. 588 allows private employers to notify the Texas Workforce Commission (TWC) and the Texas Veterans Commission (TVC) of their veteran's employment preference policies adopted under S.B. 805 of the 84th Legislature. The bill further provides that TVC and TWC make available on their websites a list of private employers who have provided notice of their veteran's employment preference policies.

S.B. 588 amends current law relating to information regarding private employers who have veteran's employment preference policies.
