AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

When political subdivisions, such as school or hospital districts, designate different early voting polling places than sites designated by the county, voters may have to travel to two different locations to vote early in all of the races in which they are eligible to participate. This is not only inconvenient, but also causes confusion and affects voter turnout.

H.B. 1048 would address this problem by prohibiting political subdivisions from designating an early voting polling place other than one established by the county. This would ensure that voters need visit only a single poll site to vote early. (Original Author's/Sponsor's Statement of Intent)

C.S.H.B. 1048 amends current law relating to the use of a county early voting polling place by a political subdivision.

RULEMAKING AUTHORITY

This bill does not expressly grant any additional rulemaking authority to a state officer, institution, or agency.
