AUTHOR'S / SPONSOR'S STATEMENT OF INTENT

H.B. 1504 is the sunset bill for the Texas Medical Board (TMB).

TMB licenses and regulates the state's physicians as well as seven other allied health professions to ensure that Texans receive safe and quality medical care. TMB is subject to abolishment under the Sunset Act on September 1, 2019, unless continued by the legislature.

The Sunset Advisory Commission's limited scope review of TMB follows up on the full Sunset review of TMB conducted in 2017, since TMB's Sunset bill failed to pass during the 85th Legislative Session.

The Sunset Advisory Commission focused on evaluating the ongoing appropriateness of the original recommendations, such as authorizing the board to establish a risk-based approach to inspecting office-based anesthesia providers. The commission also adopted several recommendations in addition to those from the previous biennium, like requiring TMB to adopt an expedited licensing process for qualified out-of-state physicians. Finally, the Sunset Advisory Commission recommends continuing the agency for 12 years.

H.B. 1504 amends current law relating to the continuation and functions of the Texas Medical Board and authorizes a fee.
